

Le partenaire à la mesure de vos besoins

D.C.I

Test equipment

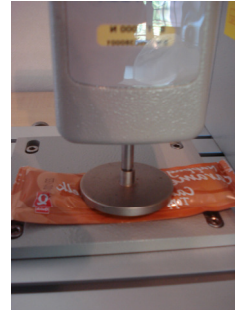

Leak by Vacuum/Pressure/Fluo

Vacuum decay principle
water bath/ co²/ laser
-100 to -950 mb

Altitude simulation
Stepping mode
Discovery mode
Traceability
Multi setpoint instrument

Leak by Compression test

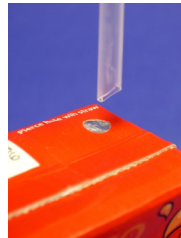

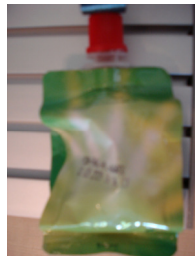

Test Stand + Accessories
Force gauges

Force gauge from 2.5 up to 2500 N
Test stand 500 N/1000N/2500 N
Speed from 0 up to 1000 mm/min
Full range of dedicated accessories

quality control

Food/ Beverage/ Packaging industries

Medical/Pharma/Cosmetic industries

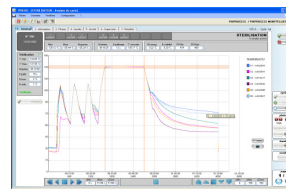

Cap Torque tester

Cap torque tester 1-3-5-10 N.M. Slip and Bridge Torque TE.
Data Transfer or **direct** connection to a Pc
1°Peak/ Peak Abs/ int Units. Data Software

Temp/RH Loggers

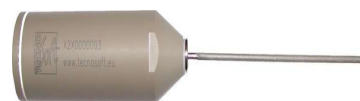

Temp/Pressure Loggers

Steril/Pasteur/Storage/transport

Radio transmission
